Appendix A - Data Sources and Calculations

Lightcast Profiles

Lightcast profiles are collected from various public online sources and processed/enriched to provide information such as standardized company name, occupation, skills, and geography. Lightcast performs additional filtering and processing to improve compatibility with Lightcast data.

Occupation Data

Emsi occupation employment data are based on final Emsi industry data and final Emsi staffing patterns. Wage estimates are based on Occupational Employment Statistics (QCEW and Non-QCEW Employees classes of worker) and the American Community Survey (Self-Employed and Extended Proprietors). Occupational wage estimates are also affected by county-level Emsi earnings by industry.

Lightcast Job Postings

Job postings are collected from various sources and processed/enriched to provide information such as standardized company name, occupation, skills, and geography.
