What is Lightcast Data?

Lightcast data is a hybrid dataset derived from official government sources such as the US Census Bureau, Bureau of Economic Analysis, and Bureau of Labor Statistics. Leveraging the unique strengths of each source, our data modeling team creates an authoritative dataset that captures more than 99% of all workers in the United States. This core offering is then enriched with data from online social profiles, resumés, and job postings to give you a complete view of the workforce.

Lightcast data is frequently cited in major publications such as *The Atlantic*, *Forbes*, *Harvard Business Review*, *The New York Times*, *The Wall Street Journal*, and *USA Today*.

Stanislaus County, CA is a hotspot for this kind of talent. The national average for an area this size is 101* employees, while there are 550 here.

Compensation

The cost for talent is about average in Stanislaus County, CA. The national median salary for Agricultural Workers, All Other is \$36,848, while you'll pay \$38,377 here.

Demand (Job Postings)

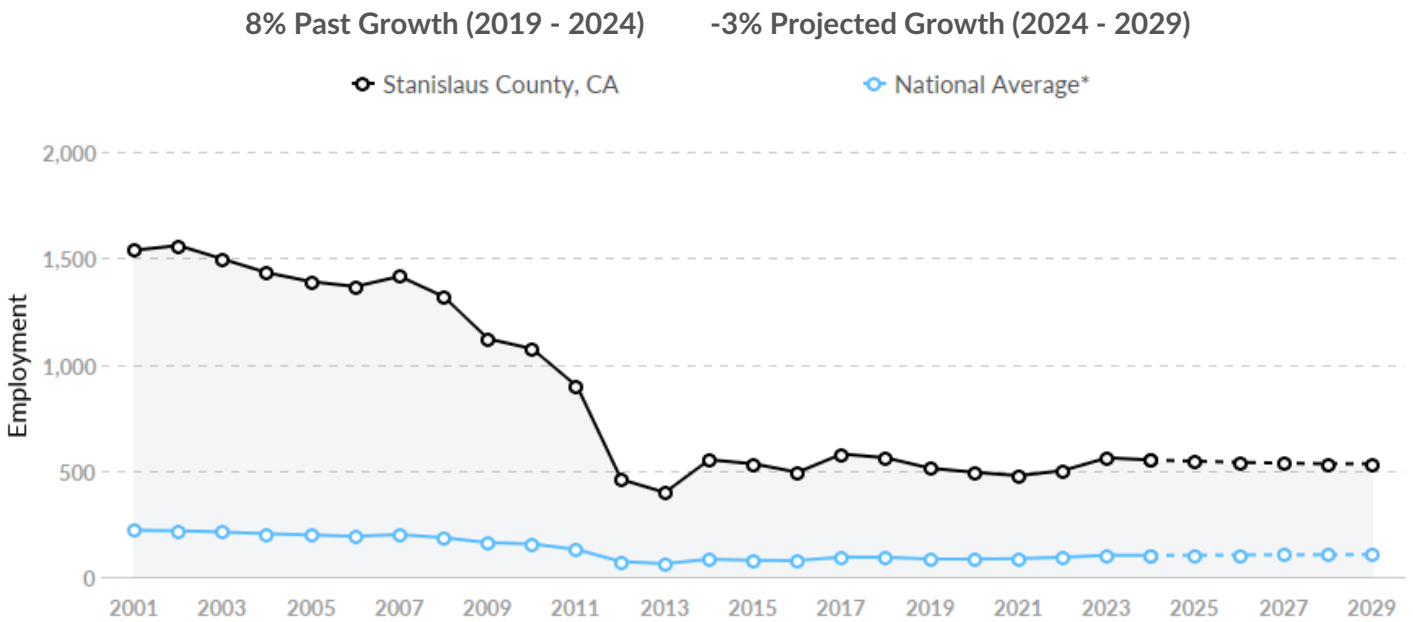

Reliable competition information is not available in Stanislaus County, CA because there are too few postings.

*National average values are derived by taking the national value for Agricultural Workers, All Other and scaling it down to account for the difference in overall workforce size between the nation and Stanislaus County, CA. In other words, the values represent the national average adjusted for region size.

Supply (Jobs)

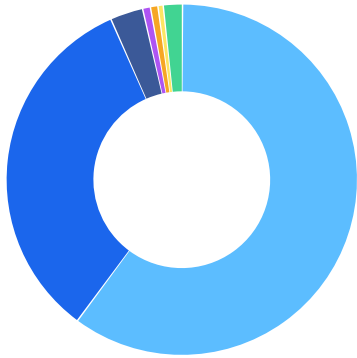

Supply Is Higher Than the National Average

The regional vs. national average employment helps you understand if the supply of Agricultural Workers, All Other is a strength or weakness for Stanislaus County, CA, and how it is changing relative to the nation. An average area of this size would have 101* employees, while there are 550 here. This higher than expected supply may make it easier to find candidates. The gap between expected and actual employment is expected to remain roughly the same over the next 5 years.

*National average values are derived by taking the national value for Agricultural Workers, All Other and scaling it down to account for the difference in overall workforce size between the nation and Stanislaus County, CA. In other words, the values represent the national average adjusted for region size.

Compensation

Talent Is 4% More Expensive, While the Cost of Living May Make Attraction Difficult

In 2024, the median compensation for Agricultural Workers, All Other in Stanislaus County, CA is \$38,377. Based on the national median wage of \$36,848 for this position, this means you will spend about 4% more to employ Agricultural Workers, All Other here. However, their actual purchasing power will be 17% less than the national median when we adjust for regional cost of living (which is 25% higher than average). This may make it harder to attract talent to the region at this price.
